east placed the average condition  
the crop over the United States  
ly 55.4% of normal on Septem-

96,000. The condition of the

Miss Emma Graff suffered a pain-  
ful injury in a peculiar manner Sun-  
day. While returning home from  
church in an automobile with her  
brothers, they met another auto-  
mobile on the highway. Just as the  
cars approached, a rock was struck  
by the other car and driven with such  
force that striking Miss Graff in the  
right eye it rendered her uncon-  
scious for a while. Her glasses were  
smashed and her cheek and eye-  
lid cut and bruised. It is little short  
of miraculous that the sight of the  
eye was not destroyed.

Wm. Burgin of Dunlay while walk-  
ing in his farm Thursday was struck  
on the right leg by a rattlesnake.  
Medical assistance was summoned  
and aid rendered. As the fangs of  
the venomous reptile passed through  
Mr. Burger's clothes before entering  
his leg his physician anticipates no  
serious consequences as the result of  
the bite. As snakes are now seeking  
winter quarters it would be well  
enough for people to "watch their  
step," as they are liable to be found  
in unusual places at this time of the  
year.

McCaugherty & Horger are having  
the house south of the Stable fixed  
up and it will be used as an under-  
taker's office. It will be floored  
throughout and a porch added in  
front. The building will be cut up  
with several rooms for use in emer-  
gency cases, and an office will be ar-  
ranged in front. This is indeed a  
"long felt want", and with the near  
completion of the highway and the  
reckless auto driving there is a pos-  
sibility that the owners will find  
plenty of use for their new building.

Messrs. A. H. Sprenger, Frank  
Spencer Mould and Fritz Martin were  
early week visitors to the Anvil  
Herald office. Messrs. Sprenger and  
Mould came out from San Antonio  
to shoot doves and had such a good  
time that they plan to come back  
as soon as the season opens for bigger  
game. Mr. Martin is said to be  
raising a fine crop of turkeys up on  
the ranch.

Alvin Leinweber this week sold a  
half interest in the L. & M. Service  
Station to Mr. Irvin Frerichs the  
partnership dating from the 19th.  
Thus two Hondo's young men  
have linked their fortunes, and we  
trust will grow and prosper as the  
town grows and prospers.

LITTLE MISS EVELYN  
BARNES HAS A PARTY  
Mrs. Theodore Barnes entertain-  
ed nearly a hundred of Hondo's  
younger set in honor of Miss Evelyn's  
fifth birthday.  
The tiny hostess was the recipient  
of many dainty gifts, and shortly  
after the guests assembled they were  
gathered on the wide lawn for a  
peanut-throwing contest. The prizes  
were tiny spectacles and horns. Then  
followed the favorite game of pin-  
ning the tail on the donkey.  
A large birthday cake in pink with  
five pink candles, when set on the  
lawn and opened, revealed sacks of  
delicious pop-corn and lolly-pops.  
Some lucky winners found the prover-  
bial ring, thimble and dime. Then  
guessing contests with appropriate  
prizes and ice-cream cones led to the  
completion of a delightful afternoon.  
Mrs. Barnes was assisted by Mrs.  
Roland Chancey, Mrs. F. S. Cockrell,  
Mrs. Theodore Cameron, Mrs. Rich-  
ard Reilly, Mrs. James Pluck and Mrs.  
Orcenith Fly.

PHILATHEA CLASS.  
Mrs. F. S. Cockrell was hostess to  
the Philathea class on Tuesday Sep-  
tember 23. The meeting was open-  
ed with a song "Blest Be the Tie that  
Binds." After the devotional meet-  
ing, Mrs. O. A. Fly led in an inter-  
esting lesson from the 14th chapter  
of Matthew, after which all present  
enjoyed a short program rendered by  
Mary Lois Barnes, Dwyce Cameron  
and Scotty Cockrell, three of Mrs.  
Cockrell's youngest pupils.  
Mrs. Cockrell served delicious re-  
freshments of coffee and pie a la  
mode to 18 members and four guests.  
The next meeting will be October  
14th with Mrs. Henderson and Mrs.  
Merriweather as hostesses, and with  
the 15th Chapter of John for study.

MORE FIRE APPARATUS COMING.  
The balance of the fire fighting ap-  
paratus that has been contracted for  
for the Hondo Fire Department will  
possibly be delivered before the  
printing of another Anvil Herald.  
Late advice from the company that  
has the contract to furnish the re-  
mainder of the apparatus brings the  
information that the equipment with  
the exception of the painting, has been  
completed and would be dispatched  
as soon as this was furnished, and  
it is probable it will arrive here about  
October 1st. When this equipment  
is added to that already received  
Hondo will be better able to cope  
with fire than ever before in its  
history.

Mr. and Mrs. Alvin Leinweber are  
now occupying their pretty new cot-  
tage on the west side, having moved  
in Wednesday. The vine and fig  
tree, we hope, will be a later ac-  
complishment.

#### TO THE DEMOCRATS OF TEXAS.

The Democratic Party in Texas is once more united and harmonious. The clouds which have hung on the horizon have vanished. The principle issues which have divided us have been settled. Personalities have been forgotten. The larger issues which concern our National welfare now occupy our attention.

Another presidential campaign is on. We have in John W. Davis, of West Virginia, and Charles W. Bryan, of Nebraska, as Democratic candidates for President and Vice-President, a ticket of which we may justly be proud.

Our National leaders believe this ticket will be elected if the voters in doubtful states can be made fully acquainted with the real issues of the presidential campaign and the superior merit of the Democratic candidates.

This will require much money. It is necessary, therefore, for every loyal Democrat in Texas to respond as generously as possible. At least \$250,000.00 is expected from Texas, as the Banner Democratic State of the Union.

The Democratic Party must look to the people alone for funds to meet its actual campaign expenses. The Republican Party as a Party of privilege has long since been financed by big business which profits as a result of Republican Tariff Legislation.

The electoral vote of Texas is secure for Davis and Bryan. Let us now furnish the proper sinews of war that the battle for true Democracy may be waged successfully in every doubtful state.

We appeal to every loyal Texas Democrat, who sincerely desires to see a return of Democracy to power in the Nation, to send as large a sum as possible either to his local or County Chairman or to Guy M. Bryan, Treasurer of State Committee, at Houston, Texas.

Texas always leads. Let us not disappoint the Nation now.

Yours for success in November, Jed C. Adams, Democratic National Committeeman for Texas.

E. A. Berry Chairman, State Democratic Executive Committee.

W. L. Clayton Director of Finance for Texas Democratic National Committee.

The following was the message of the party to the communities visited: "This is San Antonio's tenth consecutive excursion, the sole purpose of which is to enable the jobbers, manufacturers, bankers and leading retailers of this city to convey their expression of good will and co-operation to their customers and friends in the territory. They realize fully that the growth and success of San Antonio, particularly the southern part of it, depends the growth of San Antonio. This trip is not conducted for the purpose of selling merchandise, and is composed almost entirely of the executives of the various institutions represented.

"San Antonio has been enjoying a very consistent growth in its commerce, as well as in point of population. Our factories and jobbers have been increased both in volume of business and in numbers of institutions. Business is coming to San Antonio from a much more widely extended area, constantly each year, while at the same time our old friends and patrons are standing by us loyally. Many of the firms represented on this trip have been pioneers in San Antonio in their lines of business and have hundreds of patrons throughout Southern Texas who have been doing business with them for a generation. The growth of these institutions is emblematic of the growth of Texas.

"Through the Trade Extension Department of the San Antonio Chamber of Commerce, the manufacturers, jobbers and bankers, together with many of our leading retail establishments, have inaugurated a series of merchant's institutes, for the benefit of the retail merchants not only of San Antonio, but of that entire vast territory which finds San Antonio its most convenient and logical base of supplies. These institutes are directed by men recognized as authorities on retail merchandising, and serve as a school of instruction whereby retail merchants may study the establishments of the country, and deal with such topics as better accounting, the training of the sales force, advertising, window display, store management, etc. These institutes are increasing in popularity each year, and are proving a source of real value to the retail merchants of South Texas. It is a real step in practical cooperation in an effort to keep Texas dollars in Texas and as near home as possible."

Hondo is glad to have had the visitors with us for even so short a time, and hopes they will come again. A better acquaintanceship always helps all concerned.

## CITATION BY PUBLICATION.

**THE STATE OF TEXAS,**  
To the Sheriff or any Constable of Medina County—GREETING: YOU ARE HEREBY COMMAND-ED, That you summon, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, Anita Luna de Nira, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo on the 20th day of October, A. D. 1924, then and there to answer a Petition filed in said Court, on the 16th day of September, A. D. 1924, in a suit numbered on the docket of said Court No. 3044, wherein Salomon Nira is plaintiff and Anita Luna de Nira is defendant.

The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff alleges that he is, and has been, for a period of twelve months prior to exhibiting the petition herein, an actual bona fide inhabitant of the State of Texas, and has resided in Medina County for at least six months next preceding the filing of this suit. That during the month of March, 1922, in Medina County, Texas, the plaintiff was lawfully married to the defendant then a single woman by the name of Anita Luna, and that they thereafter continued to live together as husband and wife for a period of about four months, when the defendant gave birth to a baby; that after said baby was born the defendant proceeded to give the baby away and then permanently deserted and abandoned the plaintiff, since which time they have never lived together as husband and wife. Plaintiff avers that during the time that he and defendant lived together as aforesaid he at all times was kind and affectionate towards her, always performed his marital duties as a true and loyal husband should perform them, that he provided a good home for said defendant and kept her supplied with all of the necessities of life and that he is in nowise to blame for her conduct and desertion. That defendant is now living in adultery with a man by the name Leon Reyes, and has been continually living with him since about the 1st day of August, 1924. That defendant's conduct in disposing of their child, her subsequent desertion, and present living in adultery, have caused this plaintiff great mental suffering, and are of such a nature as to render their ever living together again as husband and wife, insupportable, the premises considered. That said marriage relations continue to exist. Wherefore, plaintiff prays the court that defendant be cited to appear and answer herein and for a judgment dissolving said marriage relations, for costs of suit, and for further relief, general and special, in law and in equity, that he may be justly entitled to.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 17th day of September A. D. 1924. Issued same day.  
(L. S.) AUGUST KEMPE, Clerk District Court Medina County, Texas.

**TO THE AMERICAN PEOPLE.**  
From time to time, as The Youth's Companion Historic Milestone Covers have appeared, the Publishers have dedicated them, each to the particular state which the subject of the cover was most closely associated.

But now and then there has been a subject of such general interest—Washington's Inauguration, for example—that the only fitting thing to do was to dedicate it, not to a single state, but to the Nation. Such a Milestone Cover is to appear upon the issue of October 9.

"Franklin at the Court of Louis XVI" was painted expressly for The Companion by Andre Castaigne, dean of the world's illustrators. The text that accompanies the unusually important picture reads as follows:

Franklin in France, wearing his plain homespun suit with quiet dignity in the presence of an elegant and luxury-loving Court, is more than a figure in diplomatic history; he is the embodiment of a great national ideal—that wisdom, integrity and self respect shall stand unabashed even in the presence of kings.

Since both the interest of the subject and the political faith that the painting so strikingly expresses are not local or sectional, but belong alike to the whole Nation, the Publishers of The Companion have most happily dedicated this outstanding Milestone Cover to the American People.

## GREATEST ON EARTH POSITIVELY COMING.

Ringling Bros. and Barnum & Bailey To bring Biggest Show That Ever Toured America.

A rumor heard sometime since is now confirmed by the official announcement that the Ringling Bros. and Barnum & Bailey Combined Shows will positively exhibit at San Antonio October 16.

That this biggest of all amusement institutions is to come within easy distance is of unusual interest to local people because of the many changes that have taken place in this mammoth circus since it last visited this locality.

The Ringling Bros. and Barnum & Bailey super-array of men and women stars has now reached a total of eight hundred of the world's premier riders, aerialist, gymnast, and athletic champions. There are a hundred of the funniest clowns on earth. The total personnel of this amazing circus exceeds sixteen hundred persons. More than fifty trainers and keepers are alone required for the splendid troupes of jungle animals that are exhibited in four steel arenas as part of the gigantic program. The pachyderm line-up numbers forty-three elephants; for the main-tent stages as well as the three rings are now occupied by elephant rouses. This is the first time in circus history that five herds of elephants have been presented in a single display. The trained horse numbers have been augmented by the importation of new companies of supposedly untractable Russian tallions. Thus the various displays—sixteen in all—are equally distributed throughout the entire length of the mammoth main-tent.

Some idea of the increased size of this great circus may be had from the estimate made by a New York statistician when it was playing at Madison Square Garden. After taking a census of the Big Show's people, horses, trained animals and the thousand animals contained in its menagerie, he announced that were it possible to place them shoulder to shoulder they would form a line more than two miles long! A hundred railroad cars, all double length, are used to transport this enormous institution, its properties, paraphernalia and huge equipments. The latter include many innovations for the comfort of patrons. Among these are forty Jumbo-electric fans operated by specially designed dynamo sets that audiences may enjoy cool and freshly filtered air throughout the hours of performance.

WE ARE NOW BUYING CREAM for the Mistletoe Cream Co. of San Antonio and buy it daily. Phone 132 L. BARRIENTES & SON.

## New York Fire Chiefs Now Ride in Maxwells

DEPARTMENT ADOPTS CARS AS STANDARD EQUIPMENT.

Commissioners of the New York Fire Department recently paid a high compliment to the Good Maxwell by purchasing 25 touring cars from the Colt-Stewart Company, Manhattan distributor for Maxwell-Chrysler. These cars are to be used by the Fire Department battalion chiefs.

The city requires that all cars considered for departmental use be subjected to a test run of 187 miles and return. The Good Maxwell was submitted to this test, made an average speed of 32 miles on the entire run, gave no evidence of over-heating, and upon rigid inspection after the return journey, showed no mechanical defects. It was this test run that definitely decided the commissioners on the Good Maxwell. On the trip to Poughkeepsie four men were carried in each of the several cars tested and not one of the cars was ever taken out of high gear. More than twenty miles was covered to the gallon of fuel.

## WITH THE DRILLERS.

Owing to the low price of oil, new drilling is practically at a standstill. However, those who have started operations before the price fell are still "pegging away." The deep test on the Murphy-Fuselman place, where a rotary outfit is being used, is making considerable progress and at last account is approaching the 800 foot level. Several showings of oil has been encountered, but as the company is not deep oil nothing to tempt them to make a test has yet been encountered.

The Lampasas-Bisbee Company, the Haegelin place, using a cable lift, is making progress, but not as rapidly as a rotary. Some oil is claimed a cable outfit is the proper equipment for a wild cat field, but this, as well as all other questions, differ. Operations at this well temporarily at a standstill while repairs are being made to the boilers. These two wells are just now the center of attraction as the result gained will prove or disprove a considerable block of territory.

The Rydall Co. finished its contract with the Ina Company last week with the bringing in of No. 6 to a depth of 920 feet. The production in this well is estimated at around five barrels. The Rydall Company received acreage in settlement of the wells drilled, but we are not sure as to whether or not they will enter development work on its account.

The Ina Company, we are informed, soon spud in No. 7, and contemplate going deeper than in the other wells, believing a deeper test will tap another oil sand and this is the general opinion of our people. A new test will be watched with interest.

Operations at the home company on the Ward tract, has been held for a considerable time on account of the failure of the water pump. However, Mr. Metzger, the engineer, has completed a water line and well and will soon be in shape to make a test out.

There is a rumor to the effect that the new company has taken over a block of territory in the vicinity of Wolf well and will soon begin operations, but as to the truth or falsity of this report we have no definite information.

## RECEPTION TO PROFESSOR AND MRS. BREWSTER.

The beautiful lawn at the F. S. Cockrell home Saturday evening was a scene of merriment when some eighty guests met in a party given by Mrs. Cockrell in honor of the new Superintendent of the Public School, Prof. P. P. Brewster and Mrs. Brewster.

As they arrived, at 8:30, each guest was presented with an assortment of five cards cut in every conceivable shape. The game was to trade with your fellow guests until you had matched all the pieces composing a certain advertisement when you won a prize. It caused a general milling around and before the cards were all matched everybody had met everybody else—some time several times—and all had caught the spirit of the evening.

Next followed a guessing match. A picture gallery of photographs of notables had been arranged by cutting them from magazines and pasting them on a board with only a number to distinguish them. In this contest Mrs. Orcenith Fly, Mrs. Roland Gaines and Miss Gertrude Reilly, tied for first prize, each having guessed thirty-three out of a possible thirty-five.

Easily the most laughable feature of the evening was the Honey Moon Trippers. A couple of grips and parasols were deposited on the lawn. A series of numbers were distributed among the guests in such a manner that a gentleman and a lady became partners. Then, while two time-keepers kept time, two of the couples opened the grips and raced against each other to see which couple could take the most quickly open their grip, take therefrom the two suits of wearing apparel, dress, pick up the grip and parasol, parade across the lawn to the house and back, remove the garments and replace them in the grips. Some of the manly "grooms" found difficulty in getting their feet through their trousers and most of them forgot both suspenders and belts, so that all hands were employed while on parade to prevent the "trippers" from "tripping" up. Roars of laughter followed each contest. Some remarkably fast time was made and the prize went to Mr. O. E. Lacy and Mrs. Clarence Van Fleet who made the round trip in one minute.

Then followed a spelling match in which Profs. Saathoff and Brewster chose up and while Judge L. J. Brucks gave out the words the opposite sides "tried" to spell each other down, spelling the word backwards. This contest did not last long! Refreshments of ice-cream and cake were served on the lawn late in the evening, while Mesdames Isaac Wilson, W. C. Brown and Ray Taylor presided at the punch bowls in the dining room throughout the evening.

At eleven o'clock the guests all departed, assuring the host and hostess of having had a most enjoyable evening.

## DIED.

Quite a gloom was cast over the entire community when the sad news was spread that Miss Roberta Neumann, daughter of Mr. and Mrs. Fritz D. Neumann, had died at her home at New Fountain at eleven o'clock, Thursday night, September 18, 1924, after an illness of about three weeks of typhoid fever. The remains were interred in the New Fountain Lutheran Cemetery at 4:00 o'clock Friday afternoon. Owing to the absence of Rev. Hasskall, her pastor, Rev. Gruether of Hondo conducted the funeral services. The pall-bearers were Messrs. Geo. Hartmann, Roland Bendele, Harry Balzen, Arthur Schulte, Emil and Charles Lindeburg.

Miss Roberta Mary Neumann attained the age of 17 years, 1 month and 23 days; was always of a cheerful disposition and numbered her friends by the score, being loved by all who knew her.

But like a budding rose, her loving soul was plucked from this earth to bloom, we hope, in the garden of eternity.

Besides the parents already mentioned deceased leaves three sisters and one brother to mourn her untimely demise, namely Mrs. Henry Zinsmeister of Brackettville, Mrs. Hugo Reitzer of New Fountain, Miss Hattie and Master Oscar Neumann. This entire community sympathizes with the bereaved and grief-stricken family.

The large concourse of sorrowing relatives and friends that followed the remains to their last resting place attested to the esteem in which the deceased was held.

## BAND CONCERT.

The 14-piece brass band of the Biry section gave its initial concert last Sunday afternoon and a large concourse of people were present to enjoy the music. The proficiency the band has already acquired by persistent practice was the subject of much favorable comment, several happy little talks were made and altogether a delightful afternoon was spent.

Nothing adds more to the pleasure of community life than good music, and the good people of Biry are to be commended for the public spirit manifested in the organization of the band and are to be congratulated on the efficiency it has already attained.

The discussion, "Our State," was ably conducted by Mrs. Jack Fusselman and showed Texas Baptists were in the lead along most all lines of denominational work, such as schools, hospitals and orphanages as well as in gifts to missions. ## Got the Result

Mr. Charles Moore, 2415 Eakin St., Dallas, well-known Texas citizen, says Karnak, the sensational new medicine, has freed him of two years of acute suffering from stomach trouble.

"Indigestion and bloating had me so I couldn't draw a deep breath," says Mr. Moore, "and I was simply afraid to eat. I had to be always taking strong purgatives, too, and was so weak I could hardly get around."

"Karnak has fixed me up strong and well and for the first time in two years I eat anything I want. Karnak is a great medicine."

Karnak is sold in Hondo by W. H. WINDROW.

## CITATION BY PUBLICATION.

THE STATE OF TEXAS,  
To the Sheriff or any Con-  
stable of Medina County—GREET-  
ING:

YOU ARE HEREBY COMMAND-  
ED, That by making Publication of  
this Citation in some newspaper pub-  
lished in the County of Medina, for  
four weeks previous to the return day  
hereof, you summon William Means,  
and the unknown heirs of the said  
William Means, deceased, whose resi-  
dence is unknown, to be and appear  
before the Hon. District Court, at the  
next regular term thereof, to be held  
in the County of Medina, at the  
Court House thereof, in Hondo, Tex-  
as, on the 11th Monday after the  
first Monday in August, 1924, the  
same being the 20th day of October,  
A. D. 1924, then and there to  
answer a Petition filed  
in said Court, on the 9th day of Sep-  
tember A. D. 1924, in a suit num-  
bered on the docket of said Court No.  
2040, wherein Lee Ward, P. S. Ward,  
H. G. Wilson and Wesley Ward, are  
plaintiffs, and William Means, and  
the unknown heirs of the said Wil-  
liam Means, Deceased, are Defend-  
ants. The nature of the plaintiffs'  
demand being as follows, to-wit:

That plaintiffs own by a good and  
valid title in fee simple, all that  
certain piece, parcel and tract of  
land, lying and being situated in Me-  
dina County, Texas, described as fol-  
lows:—654 acres of land, of the  
League of land known as Survey No.  
764, in the name of Adam Coble,  
beginning at the S. E. Corner of a  
160 acre tract of land, out of the N. E.  
Corner of said League, and at a point  
in the East line of said League  
950 yds. South of its N. E. cor-  
ner from which a mesquite 19 in. in  
dia. and marked "near the  
ground fixes the corner; thence West  
along the South boundary line of said  
160 acre tract of land and the South  
boundary line of a 947 acre tract of  
land, out of said League 6695 yds.  
to the West line of said League and  
the S. W. cor. of said 947 acre tract;  
thence south along the West bound-  
ary line of said League 535 yds. to a  
stake and mound on said boundary  
line for S. W. corner of this tract of  
land; thence East 6695 yds. to a  
stake and mound on the East bound-  
ary line of said League for the S. E.  
corner of these 654 acres of land;  
thence North along the said East  
boundary line of said League 535  
yds. to the place of beginning; That  
plaintiffs, Lee Ward and P. S. Ward,  
obtained the title to said land by  
virtue of a Warranty deed from C. L.  
Kilgore and Wife, Anna R. Kil-  
gore, dated November 30, 1899;  
that plaintiff, Lee Ward, still owns  
all that part of said tract of land,  
lying West of the Hondo-Kilgore and  
Friottown 3rd class public road; and  
that plaintiff H. G. Wilson owns a  
part of said tract lying East and ad-  
joining said public road; and that  
plaintiff, Wesley Ward, owns a part  
of said tract between the Wilson  
part and the East line of said tract  
of land; that plaintiffs, H. G. Wil-  
son and Wesley Ward, hold under  
and by virtue of deeds from plain-  
tiffs, Lee Ward and P. S. Ward, and  
their assigns, and their title to said  
land is based upon the title of said  
Lee Ward and P. S. Ward, the other  
plaintiffs herein, that if it should be  
found by the Court that these plain-  
tiffs do not own said land in fee  
simple by and through a regular and  
consecutive chain of title, then these  
plaintiffs say and aver that plaintiffs,  
Lee, and P. S. Ward entered upon  
the above described land, and took  
exclusive possession thereof on or  
about November 30, 1899, under and  
by virtue of their deed to said land  
from C. L. Kilgore and wife, which  
said deed was duly filed by them for  
record in the County where said  
land was located on the 11th day of  
December, A. D. 1899, and that from  
that time, continuously, for more  
than five years thereafter said plain-  
tiffs, Lee, and P. S. Ward, had the  
actual adverse, peaceable, continuous  
and uninterrupted possession of said  
land, cultivating, using and enjoy-  
ing the same, paying all taxes there-  
on, claiming the title to said land  
under and by virtue of the aforesaid  
deed for the full period of five years  
or more, and that during such time  
the title of plaintiffs, Lee and P. S.  
Ward, to said land was never at any  
time questioned or disputed by any  
one, wherefore if defendants, or any  
of them ever had any cause of action  
in and to said land, such cause of ac-  
tion is barred by the statute of limita-  
tion of five years, which title so  
acquired they herein specially plead;  
that if it should be found by the  
court that these plaintiffs do not own  
said tract of land under and by vir-  
tue of the five year statute of limita-  
tion, then these plaintiffs say and  
aver that they and those under whom  
they claim title, have had and held  
peaceable and adverse possession of  
all of said land, cultivating, using  
and enjoying the same for more than  
ten years next preceding the filing  
of this suit, and also that plaintiffs  
Lee and P. S. Ward, had and held  
adverse peaceable possession of said

land and premises, cultivating, using  
and enjoying the same for full ten  
years next succeeding the acquisi-  
tion of said land by them from C. L.  
Kilgore and wife, on November 30,  
1899; that said land was enclosed  
during all of said period of time by a  
good substantial fence, and that  
plaintiffs, during all of said time,  
claimed, used and occupied said  
land openly and notoriously as their  
own land and adversely to the  
whole world, wherefore these plain-  
tiffs say that they have a good  
and perfect title to all of said land  
under and by virtue of the ten  
year statute of limitation, which  
title so acquired they here now plead;  
that the defendants assert some right,  
title, claim or interest in and to said  
land, all of which constitutes a cloud  
upon the good title of plaintiffs to  
said land, and that plaintiffs are en-  
titled to and should have judgment  
against said defendants, and each  
of them establishing, maintaining  
and quieting plaintiffs' title to said  
land and every part thereof; plain-  
tiffs pray that defendants be cited
